

I am writing about the lawsuit trying to block wisconsin's "Do Not Call" list. I think that the Wisconsin list should not be blocked. It has been a very good program. I still get some calls THAT I DO NOT WANT, but if the Wisconsin program would be blocked, I would get a lot more calls. The reason is because the national "do not call" program doesn't go far enough. I feel that Wisconsin's program should be the one that the national one should be based on. I personally think that anyone on the "do not call" list should not have to get ANY calls at all. That would include charities, political parties, and any others that are now exempt from the laws. I DO NOT LIKE GETTING THESE CALLS. If I wanted to talk to these people I WOULD CALL THEM.
